

BirdEraser MK2 - Scope

Product Description:

The Birdzout BirdEraser MK2 with scope, is a hand-held laser bird deterrent, for manual deterrence of pest birds. The laser beam is directed along the ground or across areas where birds perch or roost. Birds perceive the beam as a solid object and flee from it. The scope is useful for identify and targeting birds, particularly at a distance.

Specifications:

- Model Number: BE350SMK2
- Laser Output Power: 400mw
- Laser Colour: Green
- Laser Wavelength: 532nm
- Range in sunlight: Up to 400m
- Range in low light conditions: Up to 2000m
- Laser Class: IIIb
- Beam Shape: Dot
- Power Supply: 2 × 18500 Li-ion Battery 3.7 volt
- Switch: Press Button on/off
- Safety switch: Keyed
- Beam Divergence: <1.5mrad
- Beam Diameter: 1.5mm @ aperture
- Laser Grip Material: Anodised 6061 T6 Aluminium
- Expected Lifetime: 8000 hours
- Working Temperature: 5°C ~ 40°C
- Storage Temperature: -10°C ~ 50°C
- Scope magnification: 3x44
- Scope Power Source: 1 x CR2032 battery
- Scope calibration: 400m - adjustment possible
- Warranty: 12 months

Recommended Use:

Use to deter most birds species and some animals, from a variety of areas including: Airports, crops, vineyards, orchards, buildings, power stations, waste management facilities, boats and marinas.

*Coverage is a guide only and can vary by application and bird species.
