

Birdzout Gel

Product Description:

Birdzout Gel is a long-lasting, non-poisonous, tacky bird repellent for use on ledges, sills, beams, rafters and other indoor and outdoor locations where pest birds land or roost.

The gel creates a very sticky and uncomfortable surface that is unbearable to most birds, and tastes awful when they try to peck it off, encouraging them to seek alternative locations

Specifications:

- Coverage: 3.5 - 7 lineal metres approx
- Longevity: Effective for 12 months
- Active Ingredient: Polybutene
- Safety: Non-toxic and environmentally safe when used as directed.
- Dimensions: 31 x 6 x 6 cm
- Weight: 300gm

Recommended Use:

Use to discourage pigeons, starlings, sparrows, and other similar pest bird species from roosting on treated ledges, sills, peaks and similar parts of buildings and other structures.

Suitable for use both indoors and outdoors.

Remains tacky in temperatures from -10° C up to 90° C.

Installation:

- Use with a standard caulking gun
- Apply in beads no larger than 12mm wide
- Great for use on: gutter edges, roof ridges, window sills, rafters, ledges
- Reapply as required
