

# SAFETY DATA SHEET

Issued Date: January 1, 2024

## SECTION I PRODUCT AND COMPANY IDENTIFICATION

### Product Identifiers

Product Name: Birdzout Repellent Gel  
EPA Registration No.: 8254-5-56  
Product Code: BZ-BPG  
Synonyms: Polybutene Bird Proof Gel, Bird Repellent Gel

Product Type: Liquid

Recommended Uses: Repellent for birds

### Details of the Supplier of the Safety Data Sheet Supplier Name:

Maintrac Group Ltd T/A Birdzout

### Supplier Address

90 Palmerston Street  
Westport 7825

Website: [www.birdzout.com](http://www.birdzout.com)

E-mail: [hello@birdzout.com](mailto:hello@birdzout.com)

Company Phone Number: +64 3 789 6047

## SECTION II HAZARDS IDENTIFICATION

Hazardous substance according to the HSNO Act 1996 Hazardous Substances (Classification) Notice 2017.

Approval: HSR002670

Hazard Classifications 6.1E (aspiration), 6.3A

Hazard pictograms

Signal Word : Danger

Hazard statements : Cause skin irritation.

### Precautionary statements

Prevention Response

May be fatal if swallowed or enters airways.

: Wear protective gloves. Wash hands thoroughly after handling.

: IF SWALLOWED: Immediately call a POISON CENTER or physician. Do NOT induce vomiting.

: IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing. Wash contaminated clothing before use. If skin irritation occurs: Get medical attention.

Storage

: Store locked up.

Disposal

: Dispose of contents and container in accordance with all local, regional, national and international Regulations.

Hazards not

: None known.

otherwise Classified

## SECTION III COMPOSITION ON INGREDIENTS

Substance/mixture : Mixture

Other means of identification : Polybutene

### CAS number/other identifiers

CAS number : Not applicable

Product code : BZ-BPG

Chemical Name	Cas No.	Weight-%
Butene, homopolymer	9003-29-6	60-100

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

# SAFETY DATA SHEET

Issued Date: January 1, 2024

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

## SECTION IV FIRST AID MEASURES

### **Inhalation:**

Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway.

### **Eye Contact:**

Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 20 minutes. Get medical attention.

### **Skin Contact:**

Flush contaminated skin with plenty of water. Continue to rinse for at least 20 minutes. Get medical attention. Wash clothing before reuse. Clean shoes thoroughly before reuse.

### **Ingestion:**

Get medical attention immediately. Call a poison center or physician. Was out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Aspiration hazard if swallowed. Can enter lungs and cause damage. Do not induce vomiting. If vomiting occurs, the head should be kept low so that vomit does not enter lungs. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway.

### **Most important symptoms and effects, both acute and delayed:**

#### **Potential acute health effects**

<b>Eye Contact</b>	Causes serious eye irritation.
<b>Inhalation</b>	No known significant effects or critical hazards.
<b>Skin Contact</b>	Causes skin irritation
<b>Ingestion</b>	May be fatal if swallowed and enters airways. Irritating to mouth, throat and stomach.
<b>Over-exposure signs/ symptoms Eye Contact</b>	Adverse symptoms may include the following: Pain or irritation Watering Redness
<b>Inhalation</b>	No known significant effects or critical hazards.
<b>Skin Contact</b>	Adverse symptoms may include the following: Irritation Redness
<b>Ingestion</b>	Adverse symptoms may include the following: Nausea or vomiting

### **Indication of any immediate medical attention and special treatment needed:**

<b>Note to physician</b>	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
<b>Specific treatments</b>	No specific treatment.
<b>Protection of first-aiders</b>	No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

See Toxicological information (Section 11)

## SECTION V FIRE-FIGHTING MEASURE

# SAFETY DATA SHEET

Issued Date: January 1, 2024

## **Extinguishing Media**

Suitable extinguishing media	Use an extinguishing agent suitable for the surrounding fire.
Unsuitable extinguishing media	None known.
Specific hazards arising from the chemical	No specific fire or explosion hazard.
Hazardous thermal decomposition products	Decomposition products may include the following materials: Carbon dioxide Carbon monoxide
Special protective actions	No special measures are required.
Special protective equipment for fire-fighters	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

## **SECTION VI ACCIDENTAL RELEASE MEASURES**

### **Personal Precautions, Protective Equipment and Emergency Procedures**

#### **Personal precautions, protective equipment and emergency procedures**

##### **For non-emergency personnel:**

Avoid breathing vapor or mist.  
Provide adequate ventilation.  
Wear appropriate respirator when ventilation is inadequate.  
Put on appropriate personal protective equipment.

##### **For emergency responders:**

If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.  
See also the information in "For non-emergency personnel."

### **Environmental Precautions**

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.  
Inform relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### **Methods and Material for Containment and Cleaning Up**

#### **Spill:**

Stop leak if without risk.  
Move containers from spill area.  
Approach release from upwind.  
Prevent entry into sewers, water courses, basements or confined areas.  
Wash spillages into an effluent treatment plant or proceed as follows.  
Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13).  
Dispose of via a licensed waste disposal contractor.  
Contaminated absorbent material may pose the same hazard as the spilled product.  
Note: See Section 1 for emergency contact information and Section 13 for waste disposal.

## **SECTION VII HANDLING AND STORAGE**

### **Precautions for safe handling:**

#### **Protective measures:**

Put on appropriate personal protective equipment (see Section 8).  
Do not swallow.  
Avoid contact with eyes, skin and clothing.  
Avoid breathing vapor or mist.  
Keep in the original container or an approved alternative made from compatible material, kept tightly closed when not in use.  
Empty containers retain product residue and can be hazardous.  
Do not reuse container.

#### **Advice on general occupational hygiene:**

Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed.  
Workers should wash hands and face before eating, drinking and smoking.  
See also Section 8 for additional information on hygiene measures.

#### **Conditions for safe storage, including an incompatibilities:**

Store in accordance with local regulations.  
Store in original container protected from sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink.  
Store locked up.  
Keep container tightly closed and sealed until ready for use.  
Containers that have been opened must be carefully resealed and kept upright to prevent leakage.

# SAFETY DATA SHEET

Issued Date: January 1, 2024

Do not store in unlabeled containers.  
Use appropriate containment to avoid environmental contamination.

## SECTION VIII EXPOSURE CONTROLS/PERSONAL PROTECTION

**Control parameters**  
**Occupational exposure limits:**  
**Engineering Controls**  
**Environmental exposure controls:**  
**Individual protection measures:**

None.

Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation.

### Eye/Face Protection:

Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts.

### Skin Protection:

Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

### Body Protection:

Personal protective equipment, appropriate footwear and any additional skin protection measures for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

### Respiratory Protection:

Use a properly fitted, air-purifying or supplied air respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

## SECTION IX PHYSICAL AND CHEMICAL PROPERTIES

### Appearance Physical

**State: Odor** Liquid. [Gel]  
**Threshold: pH:** Not available  
**Boiling Point:** Not available  
**Evap. Rate:** Not available  
**Lower and upper explosive (flammable) limits:** Negligible  
**Vapor Density:** Not available  
**Partition** Not available  
**Coefficient: Decomp** Not available  
**Temp: Viscosity:** Not available

**Odor:** Petroleum [Slight]  
**Color:** Colorless  
**Melting Point:** Not available  
**Flash Point:** Closed cup: >192.22°C (>378°F) [Pensky-Martens.]  
**Flammability:** (solid, gas): Not available  
**Vapor Pressure:** Not available  
**Relative Density:** .89  
**Solubility** <1%  
**Auto-ignition Temp:** Not available

## SECTION X STABILITY AND REACTIVITY

<b>Reactivity:</b>	No specific test data related to reactivity for this product or its ingredients.
<b>Chemical Stability:</b>	The product is stable.
<b>Possibility of hazardous reactions:</b>	Under normal conditions of storage and use, hazardous reactions will not occur.
<b>Conditions to avoid:</b>	No specific data.
<b>Materials to avoid:</b>	Reactive or incompatible with the following materials: oxidizing materials.
<b>Hazardous Decomposition:</b>	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION XI TOXICOLOGICAL INFORMATION

### Information on toxicological effects:

**Acute Toxicity:** There is no data available.

**Corrosion/Irritation:** There is no data available.

**Sensitization:** There is no data available.

**Carcinogenicity:** There is no data available.

**Specific Target Organ Toxicity – Single Exposure:** No data available.

**Specific Target Organ Toxicity – Repeated Exposure:** No data available.

# SAFETY DATA SHEET

Issued Date: January 1, 2024

Name	Result
Butene, homopolymer	ASPIRATION HAZARD, category 1

**Information on the likely routes of exposure:** Dermal contact. Eye contact. Inhalation.

**Potential acute health effects:**

**Eye contact** : Causes serious eye irritation.  
**Inhalation** : No known significant effects or critical hazards.  
**Skin contact** : Causes skin irritation.  
**Ingestion** : May be fatal if swallowed and enters airways. Irritating to mouth, throat and stomach.

**Symptoms related to the physical, chemical and toxicological characteristics:**

**Eye contact** : Adverse symptoms may include the following:  
Pain or irritation  
Watering  
Redness

**Inhalation** : No known significant effects or critical hazards.

**Skin contact** : Adverse symptoms may include the following:  
Irritation  
Redness

**Ingestion** : Adverse symptoms may include the following:  
Nausea or vomiting

**Delayed and immediate effects and also chronic effects from short and long term exposure:**

**Short term exposure**

**Potential immediate effects** : No known significant effects or critical hazards

**Potential delayed effects** : No known significant effects or critical hazards

**Long term exposure**

**Potential immediate effects** : No known significant effects or critical hazards

**Potential delayed effects** : No known significant effects or critical hazards

**Potential chronic health effects:**

**General** : No known significant effects or critical hazards

**Carcinogenicity** : No known significant effects or critical hazards

**Mutagenicity** : No known significant effects or critical hazards

**Teratogenicity** : No known significant effects or critical hazards

**Developmental effects:** No known significant effects or critical hazards

**Fertility effects** : No known significant effects or critical hazards

**Numerical measures of toxicity**

**Acute toxicity estimates** : There is no data available.

## SECTION XII ECOLOGICAL INFORMATION

**Toxicity:**

There is no data available.

**Persistence and Degradability:**

There is no data available.

**Bioaccumulative potential:**

Product/ingredient name	LogPow	BCF	Potential
Butene, homopolymer	7.6 to 7.8	314 to 1882	high

**Mobility in Soil:**

**Soil/water partition**

**Coefficient (K<sub>oc</sub>)** : There is no data available.

**Other adverse effects** : No known significant effects or critical hazards

## SECTION XIII DISPOSAL CONSIDERATIONS

**Disposal methods:**

# SAFETY DATA SHEET

Issued Date: January 1, 2024

The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. The material and its container must be disposed of in a safe way. Care should be taken when handling empty containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

## SECTION XIV TRANSPORT INFORMATION

<u>Agency</u>	<u>Proper Shipping Name</u>	<u>UN Number</u>	<u>Hazard Class</u>	<u>Packing Group</u>	<u>Environmental hazards</u>	<u>Additional information</u>
DOT	-	Not regulated	-	-	No	-
IATA	-	Not regulated	-	-	No	-
IMDG	-	Not regulated	-	-	No	-

**AERG** : Not applicable

### Special precautions for user

**: Transport within user's premises:** Always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to Annex II of MARPOL 73/78 and The IBC Code**

: Not available

## SECTION XV REGULATORY INFORMATION

HSNO Act 1996

Approval Code: HSR002670;  
Surface Coatings and Colorants (Subsidiary Hazard (Group Standard 2017)

Classifications: 6.1E (aspiration), 6.3A.

Controls: Refer to [www.epa.govt.nz](http://www.epa.govt.nz) for information on Controls.

Additional Controls under Regulation 77a: -

Statements (consumer product):

Read label before use; Keep out of reach of children; If medical advice is needed, have product containers or label at hand.

Hazard statements:

H304 May be fatal if swallowed and enters airways  
H315 Causes skin irritation.

Precautionary statements:

Prevention: P102 Keep out of reach of children  
P103 Read label before use  
P264 Wash hands thoroughly after handling  
P280 Wear protective gloves

Response:

P101 If medical advice is needed, have product container or label at hand.  
P301 + P310 IF SWALLOWED: Immediately call a POISON CENTRE or doctor.  
P331 Do NOT induce vomiting.

Storage: P405 Store locked up.

Disposal: P501 Dispose of product and container in accordance with local regulations

ACVM Act 1997

Registration Number: Not applicable (exempt).

# SAFETY DATA SHEET

Name	%	Fire hazard	Sudden release of pressure	Reactive	Immediate (acute) health hazard	Delayed (chronic) health hazard
Butene, homopolymer	60-100	No	No	No	Yes	No

## SECTION XVI OTHER INFORMATION

### Disclaimer:

The data in this Safety Data Sheet relates only to the specific material designated herein and does not relate to use in combination with any other material in any process. The information set forth herein is furnished free of charge and is based on technical data that we believe to be reliable. It is intended for use by persons having technical skill and at their own discretion and risk.
